*Part time

I. Old Business.

1. Minutes. The minutes of meeting number 74 were approved with the addition of the word "linear" in paragraph II 1c between "an" and "amplifier."

2. Report on Transmitters and Amplifiers:

a. The OC-E report on transmitters and amplifiers was reviewed and discussed. As a result of this the following points were raised:

1) [REDACTED] proposed modifying the RT-4's at the R&D Laboratory at [REDACTED] rather than doing it through a contractor if the modifications required are such that this is feasible.

2) The Engineering report was approved. The recommendations made in paragraph 7 of the report on 500 to 1000 watt transmitters (quoted below) were approved.

"7. It is the recommendation of the Engineering Division that if no urgent requirement exists, postponement be made on the decision of the type of medium power transmitter replacement pending receipt of complete field evaluation reports. Further, should there be an immediate requirement, it is recommended that only a minimum amount of GPT-750 type transmitters be purchased to fill this requirement."
